

HOW TO DETERMINE YOUR RING SIZE

NOTES

Please read these instructions carefully to ensure that your measurements are accurate when you print this page:

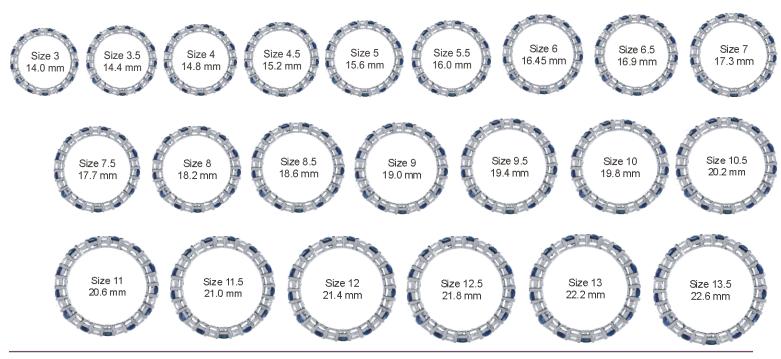

- Before printing, ensure that page scaling is set to "none" on your print dialog box.
- Measure the rule opposite and check that this is exactly 50mm (2 inches) long.
- If the measurement is not accurate, check that you are printing at full size and reprint.
- 1. Select an existing ring that fits the finger. Engagement and wedding rings are traditionally worn on the "ring" finger on the left-hand.
- 2. Place the ring over the circles below until you find one that matches to the inside of the ring.

MEASUREMENTS MATCH THE INSIDE EDGE OF THE RING

4. Alternately, you may want to use a tape measure to measure around the finger, and match this to the inner circumference measurement supplied.

- Each Angara Ring comes with one free resizing during the first year of ownership. You are simply responsible for round trip shipping.
- If you would prefer a FREE plastic ring sizer (image) sent to you instead, simply call us at 888 926 4272 to let us know. You will receive your ring sizer within 5 business days.

TIPS FOR MEASURING RING SIZE

MEASURING YOUR FINGER

Your ring should fit your finger comfortably; snug enough so that it will not fall off, but loose enough to slide over your knuckle.

Finger size changes depending on the time of day and the weather. For best results measure your finger size:

- 1. At the end of the day and when your fingers are warm (Fingers are smaller in the early morning and when cold.)
- 2. Measure finger size 3 to 4 times to eliminate an erroneous reading.

Avoid using string or paper to measure ring size as these materials can stretch or twist, yielding an inaccurate measurement.

RING SIZES IN THE US

Women's rings typically range from size 3 to 9. The most commonly purchased women's ring sizes at Angara range from size 5 to 7. Size 6 is the most popular ring size.

Men's rings typically range from size 8 to 14. The most commonly purchased men's ring sizes at Angara range from size 8 to 10-1/2. Size 9 is the most popular ring size.

TIPS FOR BUYING THE RING AS A SURPRISE

Ask your significant other's friends or mother if they know her finger size.

Borrow one of your significant other's rings (from the correct finger) and use the ring measurements above to determine its size.

INTERNATIONAL SIZE CONVERSION

If ordering from outside of the US or Canada, determine your ring size according to your country's standard. Then use the International Ring Size Chart to convert to the corresponding US ring size to place your order.
